

5. Design a complete Google Form survey and analyse responses.
- a) Create a Google Form titled “Student Attendance Report”.
  - b) Include the following question types: a. 5 MCQs b. 1 Rating scale (1–5) c. 1 Short answer d. 1 Checkbox question
  - c) Customize the theme (header image + colour).
  - d) Share the form link with 5 friends and collect responses.
  - e) Generate charts from responses and take screenshots of the analysis page.

The image shows a Google Form titled "Student Attendance Report". The form has a blue header bar. Below the title, there is a section for the form description, which states: "This form is automatically collecting emails from all respondents. [Change settings](#)". Below this, there are three question fields, each with a label and a "Short-answer text" input field. The first question is labeled "First Name:", the second is labeled "Last Name:", and the third is labeled "ERP ID:". Each input field has a dotted line indicating where to type.

**Student Attendance Report**
